I. Policy Statement

1. Fort Lewis College (FLC) acknowledges the right of individuals to engage in public speech and to assemble peacefully. At all times, the college expects the rights and privileges of all persons to be respected, the health and safety of the campus community members and property not to be endangered, and the normal college educational and business activities not to be disrupted.
2. FLC facilities are first and foremost for use by faculty, staff and students for activities and programs that directly relate to the educational mission of the college. However, FLC's generally accessible, open, outdoor areas on campus and non-academic publicly accessible facilities are open to individuals or groups for all non-commercial expressive activities, whether planned or spontaneous, including the distribution of material and collection of signatures regarding the time, place, and manner of exercising First Amendment rights, to prevent disruption of the normal college scheduled or reserved activities.
3. **Coordination of Activities for Health and Safety**
 - A. Any individual or group planning an assembly that is expected to attract a crowd of more than 50 people is required to notify the Student Union Operations & Facilities Scheduling Office of its plan and is strongly encouraged to coordinate its plan with the Office well in advance of the scheduled assembly. The purpose of the notification and coordination is to facilitate orderly operation of such an assembly within reasonable regulations regarding the time, place, and manner of exercising First Amendment rights, to prevent disruption of the normal college educational and business activities, and to protect the health and safety of the campus community members and property.
 - B. Any individual or groups sponsoring an assembly must assume responsibility for compliance with all state and municipal laws and college policies, including the Student Conduct Policy, the Colorado statute on riot offenses (C.R.S. § 23-5-124) and the Colorado statute on students' right to speak in a public forum (C.R.S. § 23-5-144).
 - C. Any individual or group wishing to utilize college space for commercial solicitation and vending may do so through the approval process set forth in Policy 11-4: On-Campus Solicitation and Vending Policy.
4. **Prohibited Areas**
Public speech and peaceful assembly are not allowed inside or within 100 feet of any residential building, inside any special-use facility (e.g., Chapel, Concert Hall, Gymnasium, Library, laboratories, Student Life Center), inside classrooms during academic hours, or in any instance that disrupts the college's normal educational and business activities.
5. **Prohibited Activities**
Any assembly that impedes the flow of foot-traffic across campus or access to a building, or disrupts normal college educational and business activities, or constitutes defamation, incites violence, or is not protected under the First Amendment of the United States Constitution and Article II, Section 10 of the Colorado Constitution, is prohibited.
6. **Enforcement**
Individuals and groups who refuse to vacate premises when directed to do so by a college employee or a law enforcement officer may be arrested under any applicable criminal law or municipal ordinances. Additionally, individuals and groups who violate this policy may be charged with violations of college policy and disciplined, which may result in suspension, expulsion, or employment termination from the college.
